COVID-19 TESTING

When the 2020 pandemic swept across the United States, the MAKO Medical team jumped into action. In just over two weeks, MAKO completely altered its operations to begin providing COVID-19 testing to medical providers, employers and governments – turning around results in what one state leader called an "ultra-fast" way.

More than 1 Million COVID-19 PCR Tests Processed Since April 2020

Committed to offering accurate, reliable test results to properly diagnose.

- College of American Pathologists (CAP) accredited
- Deploying EUA-FDA approved for COVID-19 tests
- Average results turnaround time upon receipt: under 2 days
- Online portal allows results reported electronically
- Developed Mobile COVID Response Team and Command Center for dedicated service.

Committed to Our Military

- At MAKO's founding, we carved out divisions of the company to hire U.S. military veterans
- These teams are foundational to MAKO's elite and high touch client services model

MAKO FAST FACTS:

- **Founded in 2014**
- **Since April, hired 500+ employees dedicated to COVID-19 operations**
- **70,000+ sq. ft. laboratory space**

"MAKO's success and CAP PT results prove that MAKO's assay is trusted, reliable and cream of the crop."

– COO Josh Arant

MORE ABOUT MAKO

MAKO started out to stand out. To serve our clients differently, with attention to timely results, accuracy, innovation, and—most importantly—with integrity. Our aim from the beginning has been to disrupt the status quo with passion and a heartfelt drive to give more to our clients.
