ue

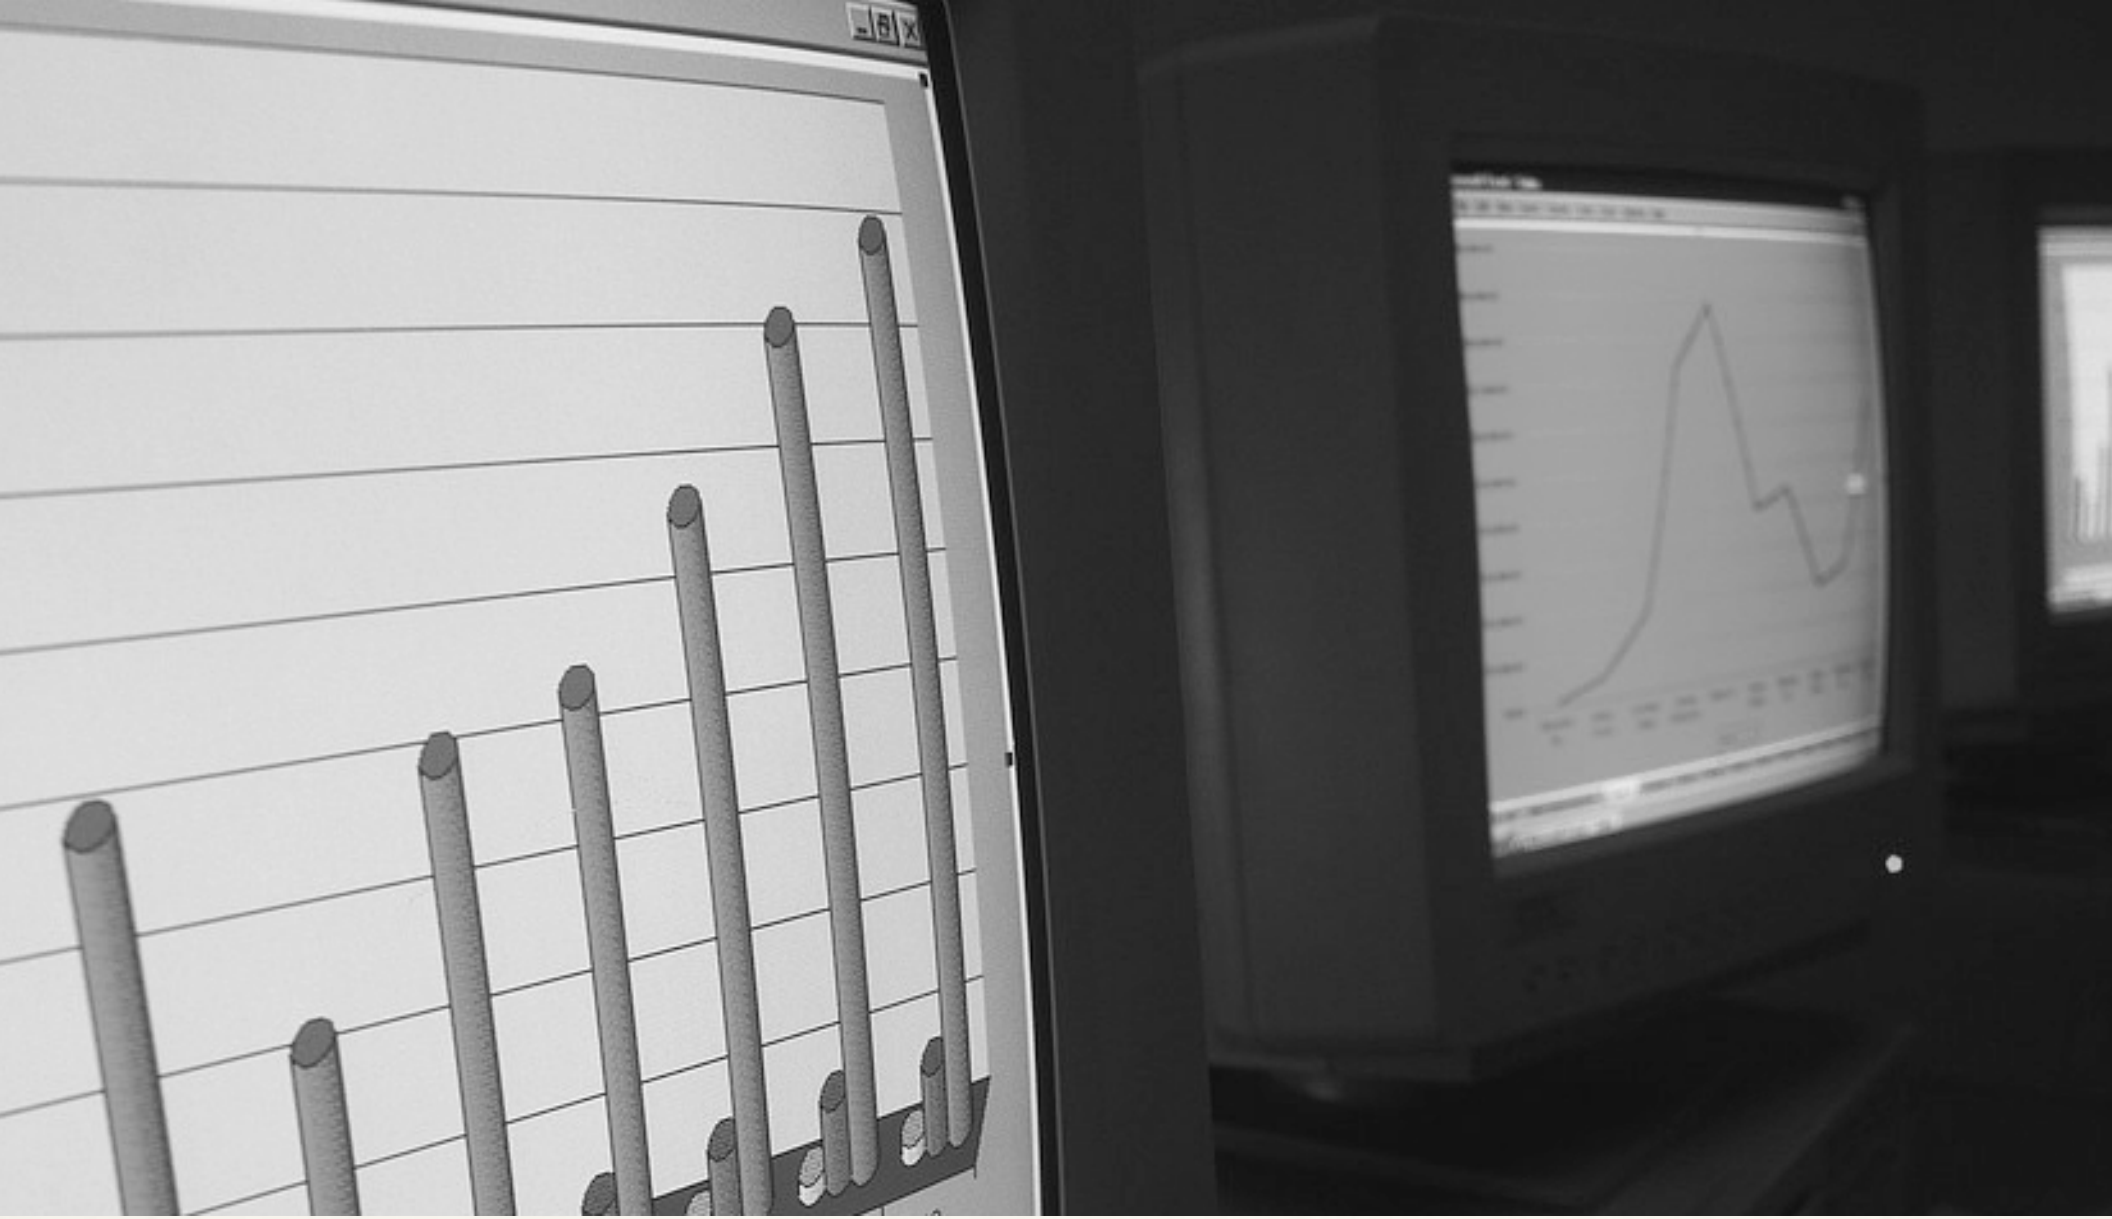
ds an entity to lead long-term direct service workforce initiatives in response to continuously
ing needs of consumers of long-term services and supports.

commendation

te a Direct Service Workforce
ortium

lish and support a consortium of
c and private organizations and
holders charged with developing
mplementing Ohio's strategic plan
eate a larger, more flexible and
trained direct service workforce.

mission of the consortium will be
romote access to a quality direct
ce workforce."



ue

es, programs and data related to the workforce providing long-term servi
s are dispersed throughout Ohio's many agency web sites.

commendation

e should utilize the Consortium to lop a multifaceted munications strategy to help ect system stakeholders to urces, programs and data, and to direct service workers with ntial long-term care service and ort provider employers.

Direct Service Workforce ortium should develop a munication strategy to assist in ecting long-term care system holders (i.e., employers, direct ce workers, training providers, ymakers, consumers, family ivers, etc.) to resources and data promote access to a quality direct ce workforce.(1)(2)(3, W#5)(5,

e

ct service workers cannot easily identify opportunities for specialization or career pathways d. Increasingly complex needs of consumers will require a more skilled provider.

commendation

**e should develop stackable long-
care certificates within Ohio's
th and Human Service Lattice**

ULTCS Work Group should create
xecute a statewide strategy to
op the long-term service and
ort component of Ohio's Health
Human Service Career Lattice for
term care workers across all
gs through a sub-grant of the
ey Follows the Person
onstration Grant (CFDA 93.791).
