

Sandata is pleased to announce the release of version 8.1.20 of the Sandata Electronic Visit Verification system.

Maintenance Information

Sandata will deploy this update to the system on Thursday, November 14, 2019 at 9:30 PM Eastern Time (ET). The maintenance will take 5 (five) hours, ending at 2:30 AM ET on Friday, November 15, 2019.

During this time:

- The system will be unavailable.
- Field Staff who call in and call out, should continue to call in and call out.
- Field Staff, using Mobile Visit Verification (MVV) on a mobile device, will be able to log in and out using the device.
- Calls will continue to be collected, but they will not be sent to the agency databases until the maintenance is complete.
- There will be no alerts sent during the time the system is down. Alerts will function normally once the maintenance is complete.

Next Scheduled Release Date

The next scheduled release is Wednesday, December 11, 2019.
