Beyond Driving with Dignity; The workbook for older drivers and their families

Our Two Copyrighted Group Presentations

- A Safe Drive Through the Aging Process
- Adults with Aging Parent Drivers

Our two copyrighted group presentations work to keep your organization “top of mind” when other issues for the family / older adult arise

The “Self-Assessment Program” for Older Drivers

- *guided* self-assessment
- maintains dignity and independence
- empowers the older driver to be the decision maker

The “Self-Assessment Program” for Older Drivers

- Allows for family involvement in the process
- Allows adult children to be adult children and not caregivers
