Responsible RestartOhio

Guiding Principles

Protect the health of employees, customers, and their families.

Support community efforts to control the spread of the virus.

Lead in responsibly getting Ohio back to work.

Ohio's Safe Business Practices for Getting Back to Work

1.

Recommend face coverings for employees and clients/customers.

4.

Clean and sanitize workplaces throughout workday and at the close of business or between shifts.

2.

Conduct daily health assessments by employers and employees (self-evaluation) to determine if "fit for duty."

Director McElroy

5.

Limit capacity to meet **social distancing** guidelines.

- Establish maximum capacity at 50% of fire code.
- And, use appointment setting where possible to limit congestion.

3.

Maintain good hygiene at all times – hand washing and social distancing.

MIKE DEWINE
GOVERNOR OF OHIO

Department
of Health

Guidance

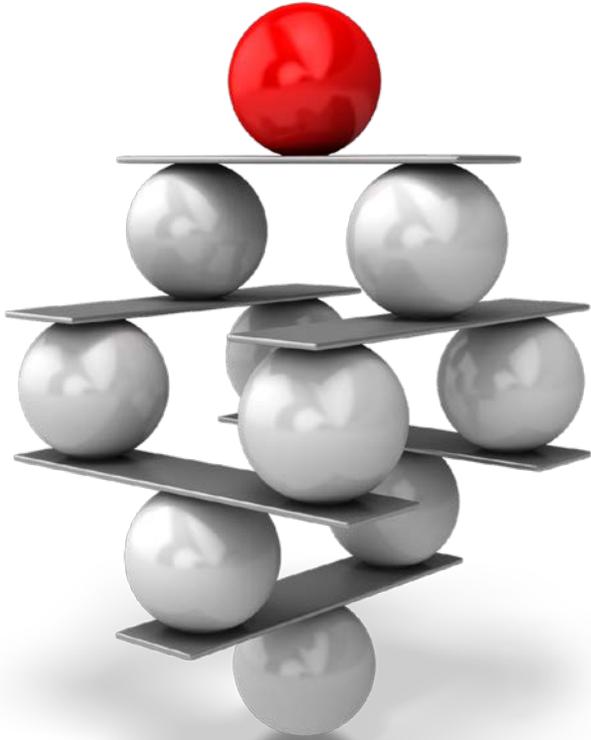

Public Health Order and Operations

Responsible RestartOhio

Guidance

COVID-19 Testing Initiative

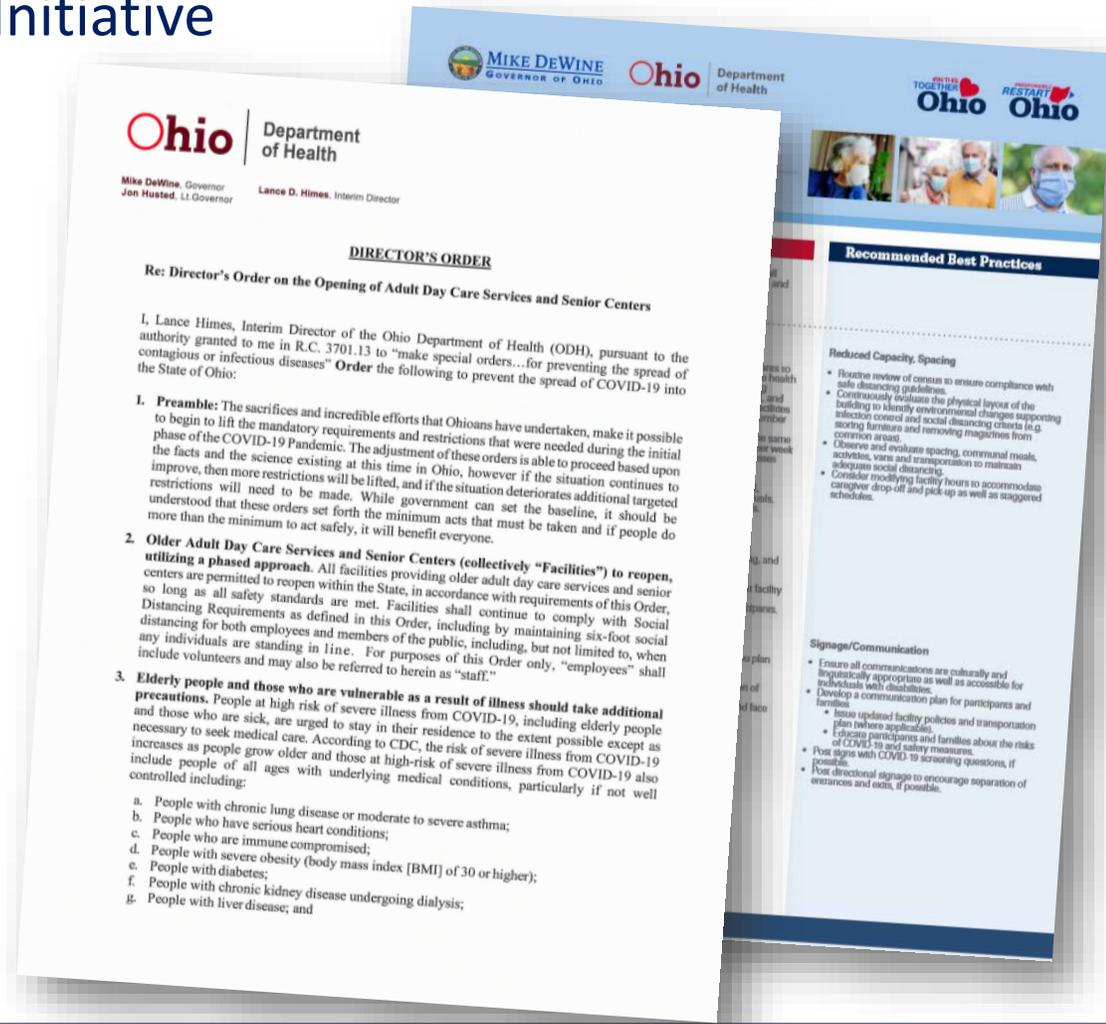

- Ohio's Safe Business Practices for Getting Back to Work
- Case status in surrounding community
- Case status in the facility
- Facility staffing levels
- **Access to adequate testing for participants and staff**
- Personal protective equipment supplies
- Local hospital capacity

Guidance

COVID-19 Testing Initiative

- Order issued August 31, 2020
- Reopen utilizing a phased approach
- Reopening on September 21, 2020
- Order sets forth the minimum acts to be taken

Testing

Responsible RestartOhio

Strategy

COVID-19 Testing Initiative

- Rapid action to identify, isolate and test
- Use of anterior nares swabs
- Accuracy and sensitivity of the test
- Quick access to test results
- Consistent testing schedule
- Frequent reporting of results
- Modifying behavior based on the results data

Testing

COVID-19 Testing Initiative

State supported testing program includes:

- Testing supplies and training
- Communicating with facilities, labs, local health departments, and other healthcare partners regarding logistics of testing
- Providing technical assistance to facilities throughout testing, retesting, and aftercare process

Testing

COVID-19 Testing Initiative

- What kind of tests are considered compliant for the purposes of the Order?
 - Diagnostic RT-PCR
 - Rapid Point-Of-Care Antigen Testing
- Can antibody testing be used to comply with the Order?
 - No, only diagnostic tests

Testing Cadence

COVID-19 Testing Initiative

- Routine testing – adult day services
 - Every other week for all staff and all participants
- Routine testing – senior centers
 - Every other week for all staff
 - Strategic testing for participants

Responsible RestartOhio

Hilary Stai, Operations Manager, Ohio Department of Aging

Responsible RestartOhio

Scheduling

COVID-19 Testing Initiative

- All providers will be contacted by MAKO to activate participation in state-supported program
- Participating providers will have two accounts
 - Participant account & staff account
- MAKO will manage scheduling, supplies, shipping, portal access, and results

Testing Program Supplies

COVID-19 Testing Initiative

All testing supplies will be sent from MAKO to each provider in advance of the test date.

Results

COVID-19 Testing Initiative

- Available in 48 hours after the lab receives the specimens
- Login to portal to retrieve results
- If positive results, contact local health department
 - <https://odh.ohio.gov/wps/portal/gov/odh/find-local-health-districts>

Reporting

COVID-19 Testing Initiative

- All providers must report
- Link to reporting tool posted to web page at close of each bi-weekly testing cycle
- Based on results
 - How many results received during period & how many positive
 - Staff vs. residents/participants

Department of Aging
Department of Health

Ohio COVID-19 Reporting Tool

Effective August 24th, 2020 at 12:01 a.m., all residential care facilities are subject to the Ohio Department of Health (ODH) [Director's Order](#) and Guidelines. Per the Order, all facilities must ensure residents and staff are tested for COVID-19. Regardless of the testing type and lab used, facilities must report testing activity directly to the State.

All facilities must verify that they have met the requirements of the Order and Guidelines on an ongoing basis by submitting a summary of resident and staff testing activity and results. Additional information about testing requirements can be found on aging.ohio.gov.

This reporting tool is to record COVID-19 testing activities performed on staff and/or residents within your facility from 9/7/20 through 9/20/20.

Responsible RestartOhio

Ohio Department of Health

Reporting

COVID-19 Testing Initiative

Reporting period for bi-weekly testing cycle

- Reporting tool will open the Monday after the two week testing cycle
- Deadline for completion will be posted with the reporting tool

Compliance

- Analysis of reports and results

COVID-19 Reporting Timeline

Mako - The White Glove Approach

COVID-19 Testing Initiative

- Mako started out to stand out. To serve our clients differently, with attention to timely results, accuracy, innovation, and—most importantly—with integrity.
- Our aim from the beginning has been to disrupt the status quo with passion and a heartfelt drive to give *more* to our clients.

Responsible RestartOhio

Mako Medical

COVID-19 Testing Initiative

More than **ONE** million COVID-19 specimens processed since April 2020

- Average turnaround time for results upon receipt:
 - Under two days
- Online portal allows results to report electronically
- Developed COVID Response Team and Command Center for dedicated service
- Committed to offering accurate, reliable test results to properly diagnose

Responsible RestartOhio

Emergency Use Authorization COVID-19 Test

COVID-19 Testing Initiative

- Mako is a CLIA and CAP accredited laboratory that has an FDA approved COVID-19 test utilizing Applied Biosystems TaqPath COVID-19 Combo Assay and emergency use authorization.
- Mako's COVID-19 test was validated and independently tested in two separate laboratories with seven times as many samples as required.

Responsible RestartOhio

Account Set-Up

COVID-19 Testing Initiative

- Are you a site that opted into this program through the ODA survey?
 - If the answer is **YES**- Your account with Mako Medical will automatically be set up. A welcome email will follow with your login credentials to Mako Medical's online web portal.
- Those that opted in will also have their kits distributed automatically to their site, there will be no need to request kits.
- If you missed the opt in period, please use this link:
 - <https://makoexchangedev.com/account-setup-form/>

Placing Orders

COVID-19 Testing Initiative

- Placing orders through Mako Medical is fast and easy!
- Each site will use a semi pre-filled E-req link. This will be emailed to you with your welcome email.
- Each site will have **TWO** accounts. **ONE** will be for staff and **ONE** will be for residents/participants. This means **TWO** account numbers.
- Let's do a quick demo using our general E-req link below. Your link will be coming shortly!

<https://makoexchangedev.com/covid19-ereq/>

Responsible RestartOhio

COVID-19 Kit Shipment

COVID-19 Testing Initiative

- Your kits will automatically be sent to your site.
- Is your site not set up for automatic shipments?
- Do you need additional kits?
- Ordering kits and additional kits is made simple with Mako, utilize this link below.

<https://makoexchangedev.com/order-supplies/>

Responsible RestartOhio

Testing Process

COVID-19 Testing Initiative

- Place the order through your unique E-Req link. (Remember you will have two). Hit “Submit E-Req” when complete.
- Print off paper req OR label. If you have a DYMO printer, you can print just the label. If not, please print the full requisition.
- If printing the full req form, you must write first and last name with DOB on the tube.

Testing Process

COVID-19 Testing Initiative

- Swab the patient with correct collection technique
 - Put the swab in tube (keep solution in tube)
 - Tighten and ensure top is secure for transport
 - Place req form in the flap on the outside of biohazard bag
 - Place completed specimen inside the Ziploc portion of the bag
 - Seal Ziploc portion when complete.

FedEx Shipping

COVID-19 Testing Initiative

- FedEx Express Shipping Instructions
- Please follow the instructions below to reduce shipment delays
- Place Sample/Kit in UN3373 Clinical Pak (30-35 kits will fit into one Clinical Pak). Please consolidate Samples/Kits whenever possible
- Remove tape from top edge of Clinical Pak and seal Clinical Pak

Responsible RestartOhio

FedEx Shipping

COVID-19 Testing Initiative

- Peel and stick Mako FedEx Return Label on Clinical Pak
- Annotate FedEx Return Label Tracking number
- Place Clinical Pak(s) at your designated FedEx Pickup Area
- To verify your sample(s) arrived at its designated location, you may track your package through the FedEx.com tracking feature below
- FedEx Tracking Link: <https://www.fedex.com/en-us/home.html>

[Adult Day and Senior Center COVID-19 Testing Initiative](#)

The screenshot shows the Ohio Department of Aging website. At the top, there is a navigation bar with the Ohio Department of Aging logo and links for 'Learn ABOUT US', 'See NEWS & EVENTS', 'Explore CARE & LIVING', 'For Agencies & Service PROVIDERS', and 'Find SERVICES'. There are also icons for 'Help' and 'Search'. Below the navigation bar, the breadcrumb trail reads 'Aging / Care & Living / Coronavirus / Adult Day Centers and Senior Centers (COVID-19)'. The main heading is 'Adult Day Centers and Senior Centers (COVID-19)' with a date of 'September 14, 2020'. A sidebar on the left lists 'Care & Living' with sub-links for 'Coronavirus', 'Get Help', 'Health & Safety', 'Staying Active', and 'Caregiver Support'. The main content area features a photograph of hands in blue gloves cleaning a metal door handle with a spray bottle and a white cloth. To the right of the photo is a 'SHARE THIS' button with social media icons for Facebook, Twitter, and LinkedIn. Below the photo is a 'FOR MORE INFORMATION' section with the Ohio Department of Health logo, the website 'coronavirus.ohio.gov', and the phone number '1-833-4-ASK-ODH (1-833-427-5634)'. The footer of the screenshot includes the Ohio Department of Health logo and the text 'OHIO DEPARTMENT OF HEALTH'.

More Than a Mask

We need a mask and more. Throughout the COVID-19 pandemic, evidence has shown that communities of color have been disproportionately affected by the virus, especially African American and Latino communities.
